Description

Environment: https://test.mersys.io
User Role: Student
Related Test Cases: TC_G01-US-016 & TC_G02-US-017
Related User Stories: US-016 & US-017

🐞 Issue Summary:

On the Grading page, the following bugs were observed during manual testing:

- The **"Student Transcript"** and **"Transcript by Subject"** buttons are missing from the UI.
- The **Print icon** for Course Grade is present and functional ✅.
- However, since **Student Transcript** is missing, **PDF view and download cannot be tested** for that section.

🔄 Steps to Reproduce:

1. Log in to https://test.mersys.io with a valid student account (e.g., Student_4 / S12345)
2. Click on the **Grading** tab
3. Observe the available buttons
4. Click on "Course Grade" → Print icon works
5. Try to locate and click "Student Transcript" or "Transcript by Subject"

✅ Expected Result:

- All grading-related buttons (Course Grade, Student Transcript, Transcript by Subject) should be visible.
- Each should open a page with a **Print icon.**
- PDF file should be viewable and downloadable.

❌ Actual Result:

- Only **Course Grade** is visible and functional.
- **Student Transcript** and **Transcript by Subject** buttons are **missing.**

- Related print/download functionality cannot be tested.
